AUDITED FINANCIAL STATEMENTS

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors

Western PA Chapter of the National Hemophilia Foundation

We have audited the accompanying financial statements of Western PA Chapter of the National Hemophilia Foundation, (a nonprofit organization), which comprise the statements of financial position as of June 30, 2016 and 2015, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Western PA Chapter of the National Hemophilia Foundation as of June 30, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The analysis of temporarily restricted net assets on page 16 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

WESTERN PA CHAPTER OF THE NATIONAL HEMOPHILIA FOUNDATION

NOTES TO FINANCIAL STATEMENTS

NOTE A SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of Western PA Chapter of the National Hemophilia Foundation ("the Organization") is presented to assist in understanding the Organization's financial statements. The financial statements and notes are representations of the Organization's management, which is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Nature of Organization

The Organization was founded to help meet the vast education and support needs of the bleeding disorders community in Western, Pennsylvania. The Organization is leading the way in Western Pennsylvania in improving the quality of care and enriching the lives of those with bleeding disorders through education, advocacy, resource, and referral. The Organization is supported through contributions from the public and companies within the medical industry, grants, and investment income.

Basis of Accounting

Assets, liabilities, revenues, and expenses are recognized on the accrual method of accounting for financial statement presentation purposes.

Financial Statement Presentation

The Financial Accounting Standards Board, Accounting Standards Codification ("FASB ASC") requires the Organization to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction is fulfilled in the reporting period in which the support is recognized.

All other donor restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction is fulfilled, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments

The carrying amounts of financial assets and financial liabilities approximate fair value based on quoted market prices or discounted cash flow analysis.

WESTERN PA CHAPTER OF THE NATIONAL
HEMOPHILIA FOUNDATION
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE A SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents

For the purpose of the statements of cash flows, the Organization considers all highly liquid investments, with an initial maturity of three months or less, to be cash equivalents. Cash is comprised solely of deposits in financial institutions. The Organization had no cash equivalents at June 30, 2016 and 2015.

Concentration of Credit Risk

The Organization maintains cash balances at one financial institution. The cash accounts at this financial institution are insured by the FDIC for up to \$250,000. The balances, at times, may exceed federally insured limits. As of June 30, 2016 and 2015, the Organization's cash balances were within the federally insured limits. Additionally, at June 30, 2016 and 2015, the Organization had \$346,520 and \$304,617, respectively, in investment accounts not covered by FDIC insurance. Management believes the Organization is not exposed to any significant credit risk on cash and cash equivalents.

Investments

The Organization accounts for investments in accordance with generally accepted accounting principles, which requires investments to be measured at fair value. The cost basis of equity securities is actual cost or fair value at date of donation in the case of contributed securities. The cost basis of debt securities is amortized cost. Generally accepted accounting principles also requires dividends, interest, and realized and unrealized gains and losses to be reported in the statement of activities as increases or decreases in unrestricted net assets, unless their use is temporarily or permanently limited to externally-imposed restrictions.

Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near future, and that such changes could materially affect the amounts reported in the financial statements.

Transfers in and out of level 1 (quoted market prices), level 2 (other significant observable inputs) and level 3 (significant unobservable inputs) are recognized on the last day of the fiscal year, unless circumstances dictate otherwise.

Furniture, Fixtures, and Equipment

Furniture, fixtures, and equipment are stated at cost. Expenditures for maintenance, repairs, and minor renewals are charged against income as incurred. Expenditures for additions, replacements, and major renewals are capitalized. Depreciation of equipment is computed by the straight-line method for financial reporting.

Allocation of Expenses

The costs of providing the Organization's various programs and supporting services have been summarized on a functional basis in the statement of activities based on estimates developed by management. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

WESTERN PA CHAPTER OF THE NATIONAL
HEMOPHILIA FOUNDATION
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE A SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Tax Status

The Organization is exempt from income tax under Section 501(c)(3) of the Internal Revenue Code. Interest and penalties related to tax reporting are recognized when incurred and are included as Management and General under Supportive Services Expenses in the Statement of Activities. There were no interest or penalties incurred related to tax reporting for the years ended June 30, 2016 and 2015. The Organization's tax returns are subject to audit by various taxing authorities. The open audit periods for the Organization are the fiscal years ending in 2013, 2014, 2015, and 2016. The Organization follows the topic of Income Taxes from the FASB ASC with regard to the accounting and recognition of income tax positions taken or expected to be taken in the Organization's tax returns.

Donated Services

A number of volunteers have donated significant amounts of their time in the Organization's administrative operations and program services. In accordance with requirements under FASB ASC 958, no amounts have been reflected in the financial services for those services because their time did not meet the requirements of the accounting standard.

Concentration of Revenues

The Organization receives a large portion of its support from one donor. During the years ended June 30, 2016 and 2015, this contribution totaled \$119,500 and \$115,000, respectively, representing 27% and 29% of total support, respectively.

In-Kind Contributions

In addition to receiving cash contributions, the Organization receives in-kind contributions of gift cards, memberships, etc. from various donors that are used during fundraising events. These items are recorded at their estimated fair value as an expense in the Organization's financial statements, and similarly increase special event revenue by a like amount. In-kind contributions received for the years ended June 30, 2016 and 2015 were \$2,969 and \$2,091, respectively.

Reclassification

Certain 2015 amounts have been reclassified in the financial statements in order for them to provide comparable presentation between years.

Subsequent Events

In preparing these financial statements, the Organization has evaluated events and transactions for potential recognition or disclosure through January 26, 2017, the date the financial statements were available to be issued.

NOTE B INVESTMENTS

The Organization's investments are recorded at fair value. Fair value and unrealized appreciation (depreciation) at June 30, 2016, are as follows:

	Cost	Fair Value	Appreciation (Depreciation)
Money Market Funds	\$ 2,901	\$ 2,901	\$ -

Depreciation expense for the fiscal years ended June 30, 2016 and 2015 totaled \$4,962 and \$5,085, respectively.

NOTE D FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 – Valuations based on quoted market prices in active markets for identical assets or liabilities that the Organization has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted market prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.
- Level 2 – Valuations based on quoted market prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

WESTERN PA CHAPTER OF THE NATIONAL
HEMOPHILIA FOUNDATION
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE D FAIR VALUE MEASUREMENTS (CONTINUED)

- Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Money Market Funds – These investments are public investment vehicles valued using \$1 for the net asset value (NAV). The money market funds are classified within Level 1 of the valuation hierarchy.

Mutual Funds – These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Organization's assets at fair value as of June 30, 2016:

	Level 1	Level 2	Level 3	Total
